Course Grading

1. Grades and grade points for course assessment are stated in the table below. For the purpose of calculating grade point averages, numerical grade points are assigned for course grades. Some courses are assessed pass/fail.

Definition	Letter Grade	Grade Point	Ratio	Numerical Grade
Excellent Performance	A+	4.0	≈10%	96
	A	3.6	≈10%	90
	A-	3.3	≈20%	84
Good Performance	B+	3.0	≈20%	79
	B	2.3	≈10%	73
	B-	1.8	≈10%	67
Marginal Pass	C	1.0	≈15%	62
Fail	F	0	≤5%	<60

Letter Grade	Grade Point	Numerical Grade
Pass	3.3	85
Fail	0	<60

$$GPA = \frac{\sum \text{grade} * \text{credit}}{\sum \text{credit}}$$

2. Open online courses and intercollegiate courses taken by graduate students are not included in the GPA calculation. This regulation will be implemented from the 2022 graduate students.
